Magnetic Name Tags for WWTC Members

WWTC is now offering a NEW style name tag that is made of white plastic with a marine blue plastic backing, making all the art work and names blue. The size is a nice readable 1 ½ X 3 inches.

The great thing about these name tags are that they are designed *not to damage your clothing and to stay on*. A magnet is used to attached the name tag to your clothing. These magnets are very strong and work great even with wool clothing. For most of us, this will eliminate the need for plastic name tags with pins and clips. Members can purchase name tags for themselves and their spouses. Name Tags are only \$5.00 each. This represents quite a savings over the actual cost.
